

S.1 Bridging course closing ceremony

To help new S.1 students adapt to the school environment, the school organized a bridging programme for them during the week of 21-26 August 2023.

On each day, students attended an English lesson and participated in various orientation activities organized for them, including campus tours, introduction to the library services and IT facilities, talks delivered by teachers and social workers, etc.

On the last day, an orientation talk was organized for parents, followed by an awards presentation ceremony for students. Parents shared the moments of joy as the students who demonstrated outstanding performance throughout the bridging programme were commended with awards.
